"Foundation for the Future" A truly special heifer donated by OB Ranch in support of the IRBBA Memorial Scholarship Foundation. A daughter of the National Champion “Red Bull”, Olivia is a definite show heifer prospect and will develop into a headline donor. Prepared by TRIO Cattle & Genetics, this classy girl is super gentle and ready to show. The IRBBA Board of Directors and Scholarship Committee wish to thank OB Ranch and Marcos Borges for their significant contribution.

From the OB Performance Herd, a daughter of Tanque, sire of the 2013 and 2015 National Champion Female, out of the prolific donor 373J. A nicely balanced, functional female that is emblematic of why the demand for Red Brangus is ever increasing.
A powerful prospect, 36/B brings the indisputable Home Run 135/P, with the great 314/L22 on her top side together with foundation Sureway genetics that include 600J.

---

An attractive functional female that will contribute to the core of any program. She brings together the genetics of globally recognized Home Run with Hercules and Boxcar.

---

She is a granddaughter of BKC Superman 101U and a Daughter of TK Highlands 101X6. She combines the 392 cow family from Camp Cooley with a dose of Rocky Street 227N in the top and bottom of her pedigree.
An embryo transfer show heifer direct from the Buffaloe Cattle show string. Her Dam is BCC Chief’s Squaw 7P the Grand Champion female in the 2006 Brangus Futurity, Reserve Grand Champion in the 2006 San Antonio Show and our best donor cow. Her dam is a CX Chief Cardinal daughter, one of the leading sires in Red Brangus. This heifer’s first cousin is the Grand Champion bull in the 2015 Houston Livestock Show. On the top of her pedigree, her grandsire is Rocky Street 227N the 2007 thru 2009 Show Sire of the year. You will find CHAMPION written all over her pedigree. This heifer is a Must Add to your herd. We did not want to let her go, but Allen twisted my arm!

Markham Cattle’s best female this year. GM Ms. Chloe 1Y/B is the model of functionality, moderation, thickness, and femininity. Sired by Oak Creek Farms 1X, a Target son and her dam GM Ms. 1T/Y who goes back to Triangle K genetics. She is the definition of structural soundness and has a puppy dog disposition. She’s a cover girl in working clothes ready to make your pasture a profit!

A heifer with tremendous style and balance. She is put together right with good straight lines, muscular and thick and tremendous bone structure. She is sired by Mr.-C- Crockett 317 R, a proven sire and out of one of my best cows. This heifer has a great future as a great producer.
